

ENVIRONMENT:

YOUR QUESTIONS, YOUR RIGHTS, OUR SUPPORT

Did you know that you can participate in environmental decision-making in your community?

Do you want to know more about environmental issues of local concern and the laws that protect the environment and human health?

The Canadian Environmental Law Association (CELA) invites you to a **FREE French** public information session. Come and learn about local environmental issues and how to make your voice heard.

The Canadian Environmental Law Association will be providing information on issues of environmental law and health relevant to the Hearst, Kapuskasing and Timmins communities, and will discuss ways for the public to access information and become involved in environmental decision-making. In addition to **French** presentations, the Canadian Environmental Law Association will be preparing French resources (including FAQs, fact sheets, and templates of legal documents) and providing free summary legal advice in **French**.

For more information or to let the Canadian Environmental Law Association know what you'd like to learn about during the course of the presentation please contact: Burgandy Dunn, lawyer : bdunn@cela.ca or visit us online at www.cela.ca or <http://www.facebook.com/CanadianEnvironmentalLawAssociation>
